RE: Draft Plan for Institutional Controls for the Colbert Landfill

Dear Steve:

Enclosed please find a copy of the Plan for Institutional Controls for the Colbert Landfill as prepared by Landau Associates, Spokane County's consultant. The plan addresses the issue of how to keep people off of the landfill. Please provide me with your comments to the plan by September 28, 1989, if possible. I will send a joint comment letter to Dean Fowler with Ecology, EPA and Health District comments together, so we do not send conflicting comments/correction to the plan. If you are unable to meet that date, let me know otherwise. I think you will find the draft plan to be simple, yet quite thorough. You can provide me with your comments by phone at SCAN 585-3043.

Thanks for your help in reviewing this plan. Lets talk some more about closure of the Colbert Landfill per WAC 173-304 in the near future.

Sincerely,

Mike Blum

Mike Blum, Colbert Project Manager
Hazardous Waste Investigations and
Cleanup Program
